

## *Graine de Fille*

Graine de Fille, or all the sun of Provence in a bottle.

The great grapes of Cinsault, Grenache and Syrah learnt to get on with the sea air of the Mediterranean.

For each variety, we have sought out the best terroirs, the best subsoil, and the best exposure for the maturity of the grapes and the air flow to the vines.

Graine de Fille is a fresh, elegant wine with notes of citrus and red fruit. It is a thirst-quenching wine, tenderly fruity and full of heady scents. In short, it is a feminine wine with a soft robe with a hint of rose petals.

This is one Graine de Fille we have not heard the last of!

### *Tasting Notes*

Graine de Fille is clear in colour with pink highlights.

It has an elegant, floral nose and aromatic notes, ending a little tart on the palate.

On the palate it is characterised by great freshness with a very round finish.

Its power and elegance leave a sensation of fruit.

### *Food Pairings*

Naturally, Graine de Fille will be delighted to accompany your festive appetisers and barbecues. But if you are bold and drink this rosé with a bouillabaisse, a couscous or a beautiful tomato and basil salad, you will be glad you did!

Best consumed between 10° and 12°C
